- Work in your community to seek the arrest of buyers of commercial sex, as well as to develop deterrent sex offender programs.
- Raise a generation of boys who respect women and their rights.
- Help girls to know their own value and to watch out for warning signs so they don't become victims themselves.
- Understand that prostitution is not a victimless crime.

Sex Trafficking

Sexual slavery has been going on since the beginning of time and it's not going away without a battle. It is no longer acceptable to turn a blind eye to either the victims or the perpetrators of sex trafficking. It's time for the world to come to a space of finally saying, "This is immoral and we are not going to tolerate it!"
